

Introducing the Student Journey Team

CodeClan 2018

Emily Milne

I'm here to ensure that you are given every opportunity possible to enhance your transferrable skills and walk out of CodeClan with a 360 toolkit. My goal is to make sure you are confident, job-ready professionals after 16 weeks of intensive learning. I also make sure you have fun along the way and can be that listening ear if needed.

Tony Goncalves

Community outreach and providing as much interactivity, action and resources within the tech industry is my speciality. Throughout your journey with us, you will be given opportunities to collaborate with like minded people in the tech industry. My promise to you, is that I will provide enough technical support, from organising events, meet-ups, mentors and work experience opportunities so that when you go to apply for that job, you have all the skills and confidence needed.

Stephanie Patterson

I look after course admissions, I help students identify the right course for them and guide them through our admission process. Throughout this I give students the information they need to make the right choice and set themselves up for success.
